### **Self-Introduction**

I am a dedicated and detail-oriented individual with a strong interest in technology, education, and community service. During my academic journey, I have actively participated in programming competitions, such as the Alice 3D Programming Competition, where I won awards for creativity and technical skills. I have also gained practical experience as a Summer Activity Teaching Assistant, supporting educational workshops and guiding students in hands-on learning.

Outside of academics, I enjoy exploring hobbies like tea art and reading novels, which help me relax and stay inspired. I am passionate about continuous learning and contributing to the community, as demonstrated through my volunteer work and participation in science camps.

I am eager to apply my skills and experiences to new challenges and opportunities, striving for both personal and professional growth. I will give my best effort to excel in any task, and I am committed to learning and improving in areas where I may lack experience.
